Save labour and material costs with SmartWare™

How it works

When you add the SmartWare™ Shot Dispense Kit to your Graco pumping system, you get an accurate, economical way to dose material – saving you time, material and labour costs. It provides accurate dosing without flowmeters or gear meters in the fluid stream.

Instead, a sensor tracks the pump position so that the pump acts like a flowmeter. The amount dispensed is based on pump size.

Specifications

Shot size capability	6 cc's to 3.785 l (1.000 gal)
Accuracy	Ranges from 0.25 to 4%, depending on material and shot size
Power requirements	110 or 220 VAC

Turn your pump into a dosing system

- Kit contains everything you need to convert your Graco® pump system into a dosing system
- Allows you to dose a preset amount of single-component material with your Graco pump
- A great alternative to manual methods such as mechanical counters, scales or custom systems
- An economical alternative to fully automated systems

Technical Specifications

Poly Dispensing Systems

PDS S.A.S is a french company that commercializes a wide range of dosage equipments, proven and effective.

Distributed in over 20 countries around the world, these equipments provide tailored solutions to many users in order to improve technically their manufacturing and reduce their productions costs.

Our collaborators and sales engineers all have a strong technical competences. They are able to answer your questions and offer you, after analysis, the right solution for your particular need.
